BE

Chandigarh University

Sept 2020 - June 2024

PROJECT

Store-it [🔗](#)

A platform to store your docs, images, files and other media services to safeguard them, upload anywhere you want or download them anytime you want.

MARKET-STORE [🔗](#)

A market store where users can buy or sell the products, you can add the coupon or different sale type events you want. Stripe powered, mongoDb handled redis cached backend. Powerfull but reliable.

AI image generator

Image generator powered by open AI is usefull for many uses. One prompt and boom.

The beautiful Image appears.

SKILLS

- MERN
- SQL/NOSQL
- Redis
- Next js/TS
